1-Hour Cure Professional MMA Floor Chemicals

Industrial Flooring & Infrastructure Solutions

Professional Floor Chemical Technologies

Boydur® systems;

consist of professional solution systems developed for high-performance industrial flooring and infrastructure applications.

Fast Cure

High Durability

Reduced Downtime

The Boydur® product family includes:

- Floor repair systems
- Industrial floor coatings
- Road marking systems
- Joint filling systems
- Resin technologies

Boytorun Kimya is also the official distributor of Vialit and Beton Asfalti products in Türkiye.

The Right Solution For Every Floor

**Not every facility operates under the same conditions.
Not every operation runs at the same speed.
Not every floor is exposed to the same level of load.**

**Boyturun Kimya systems;
are developed with a professional solution approach
tailored to the specific needs of each application area.**

**More Controlled Maintenance
Reduced Downtime
Longer Service Life**

**The goal is not only to repair or protect a surface;
but to create safer and more sustainable operating
environments.**

Why Boytorun Kimya?

In critical environments, flooring solutions mean more than just surface performance; they are part of operational continuity.

Boytorun Kimya systems; are developed for heavy traffic, high loads and demanding industrial conditions.

Fast Return to Service
High Durability
Operational Efficiency
Long Service Life
Adaptation to Different Site Conditions

The Boytorun difference; is the combination of technical expertise, field experience and a professional system approach.

Reliable Solutions For Critical Environments

Boytorun Kimya systems;
are developed for professional applications exposed
to heavy traffic, high loads and intensive use.

Industrial Facilities

Airports

Ports & Shipyards

Roads & Bridges

Parking Areas

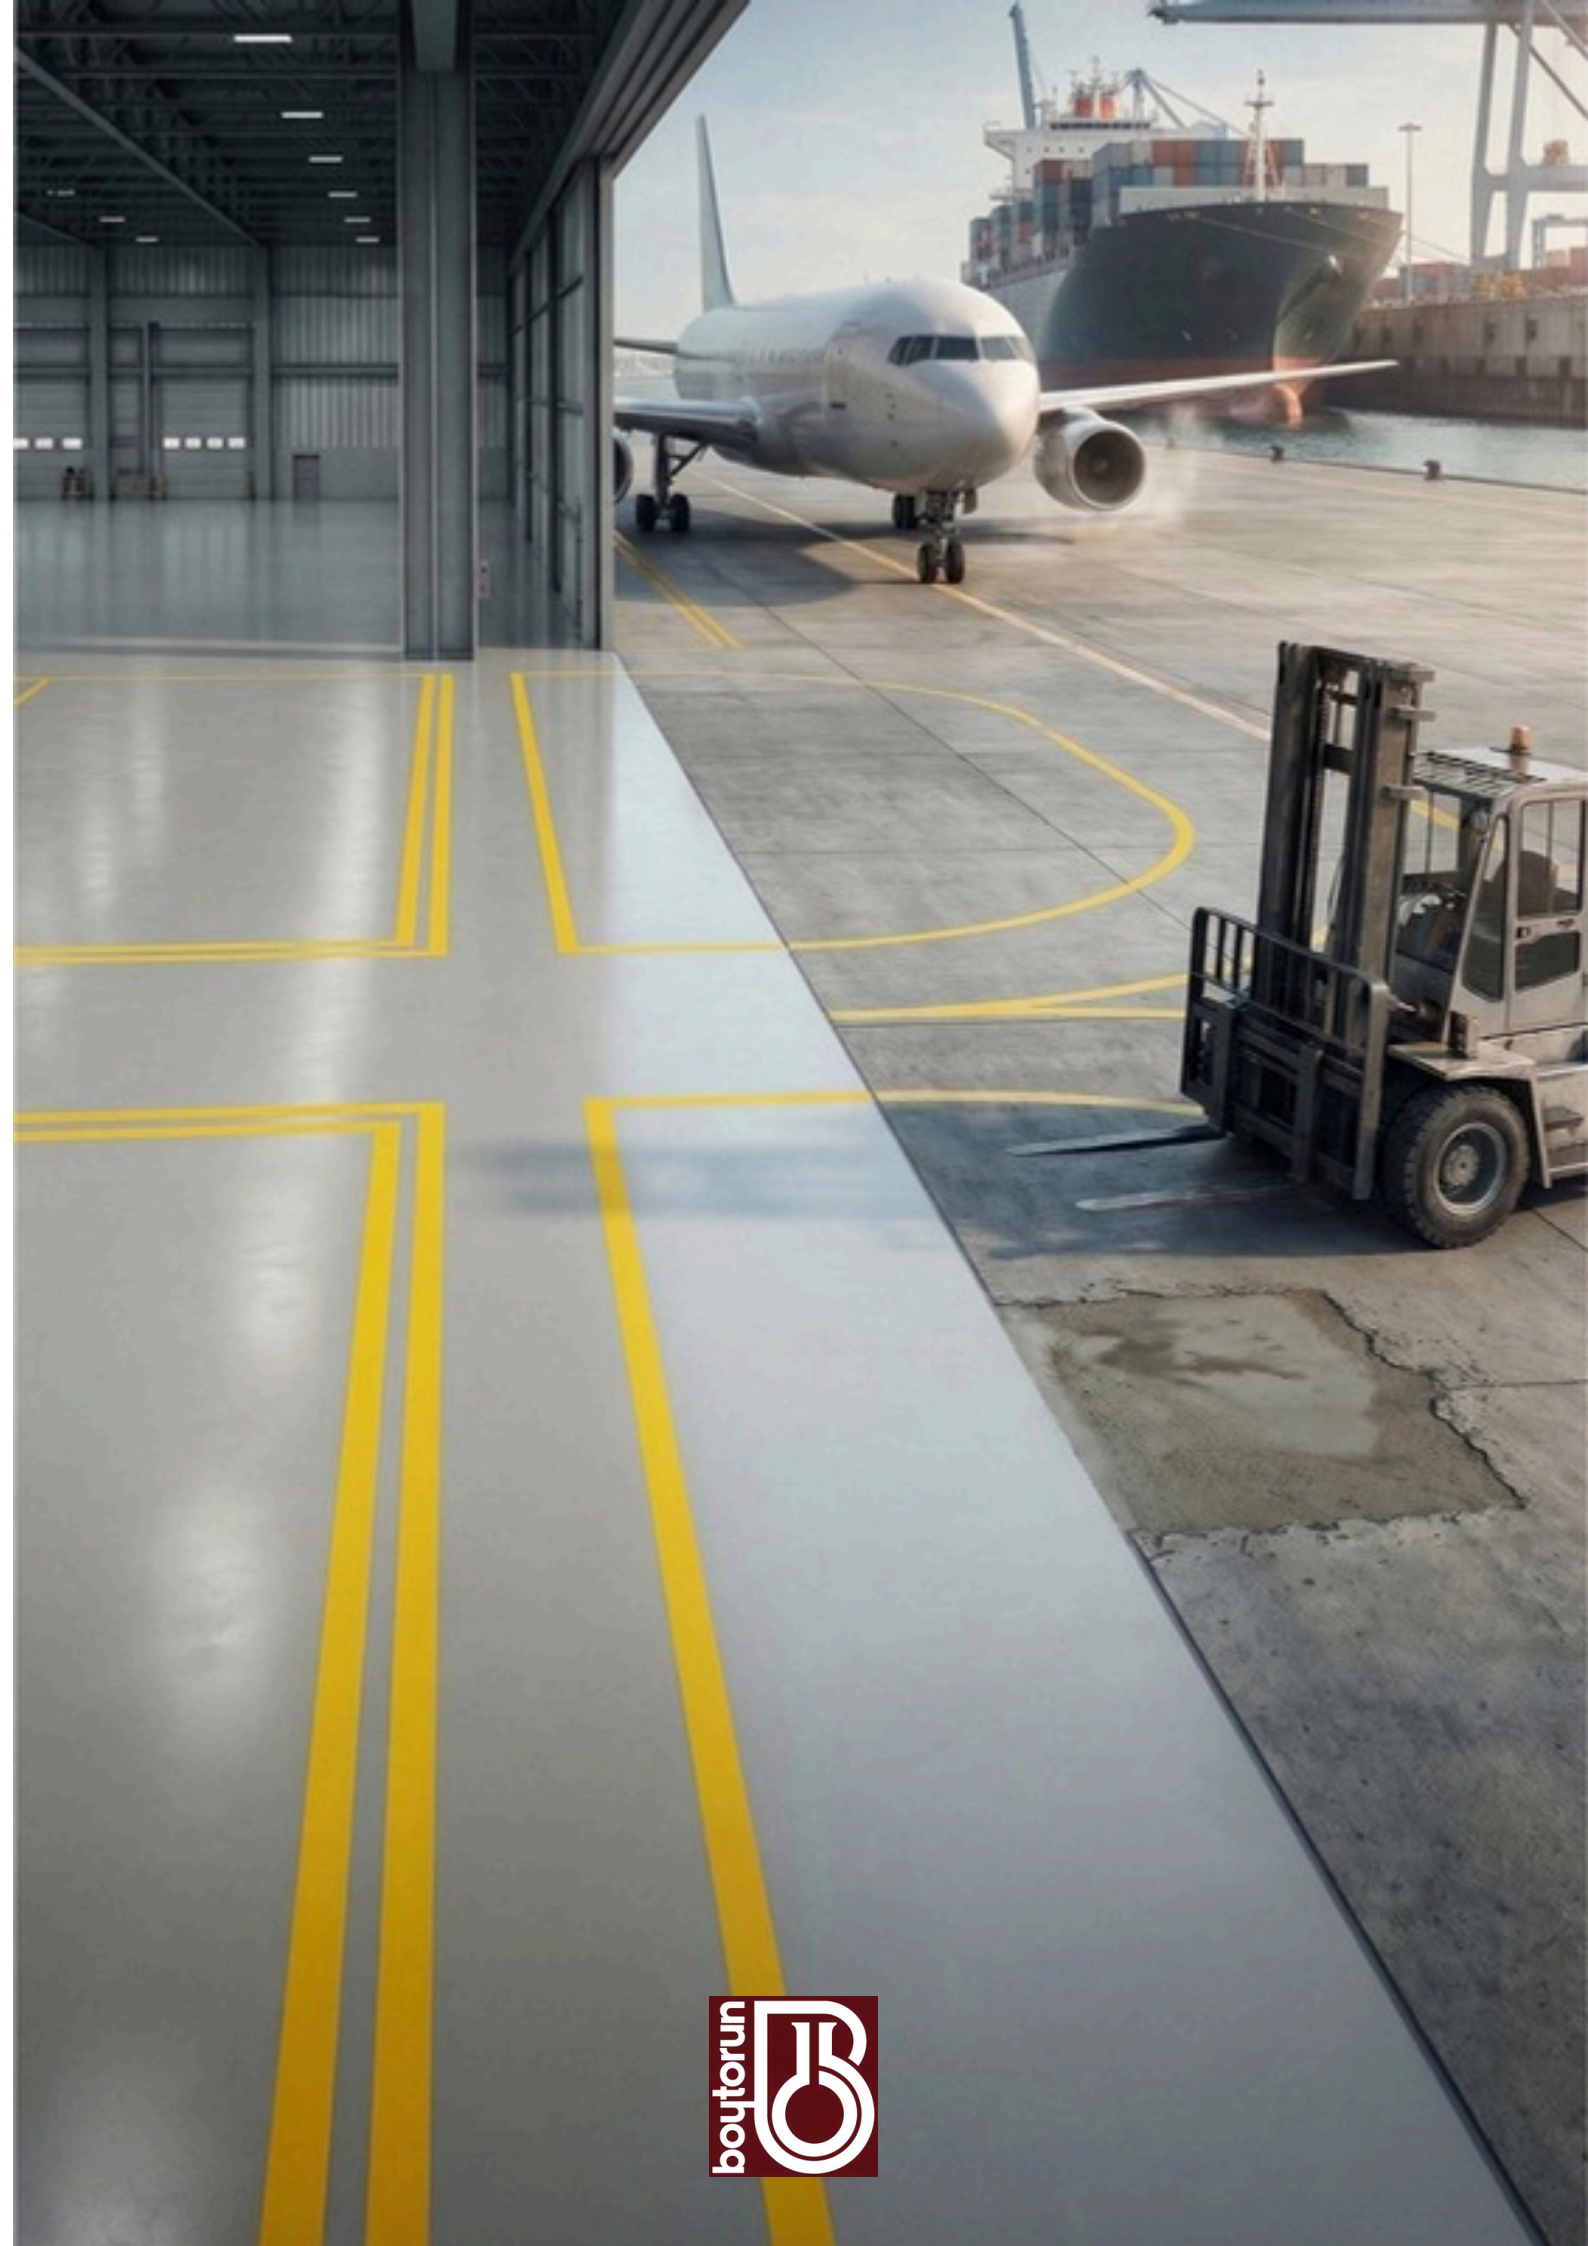

Railway Facilities

Military Areas

Fuel & Refinery Facilities

Boytorun Kimya's approach;
is to provide reliable and long-lasting solution
systems tailored to the operational needs of
different industries.

Boydur® Solution Systems

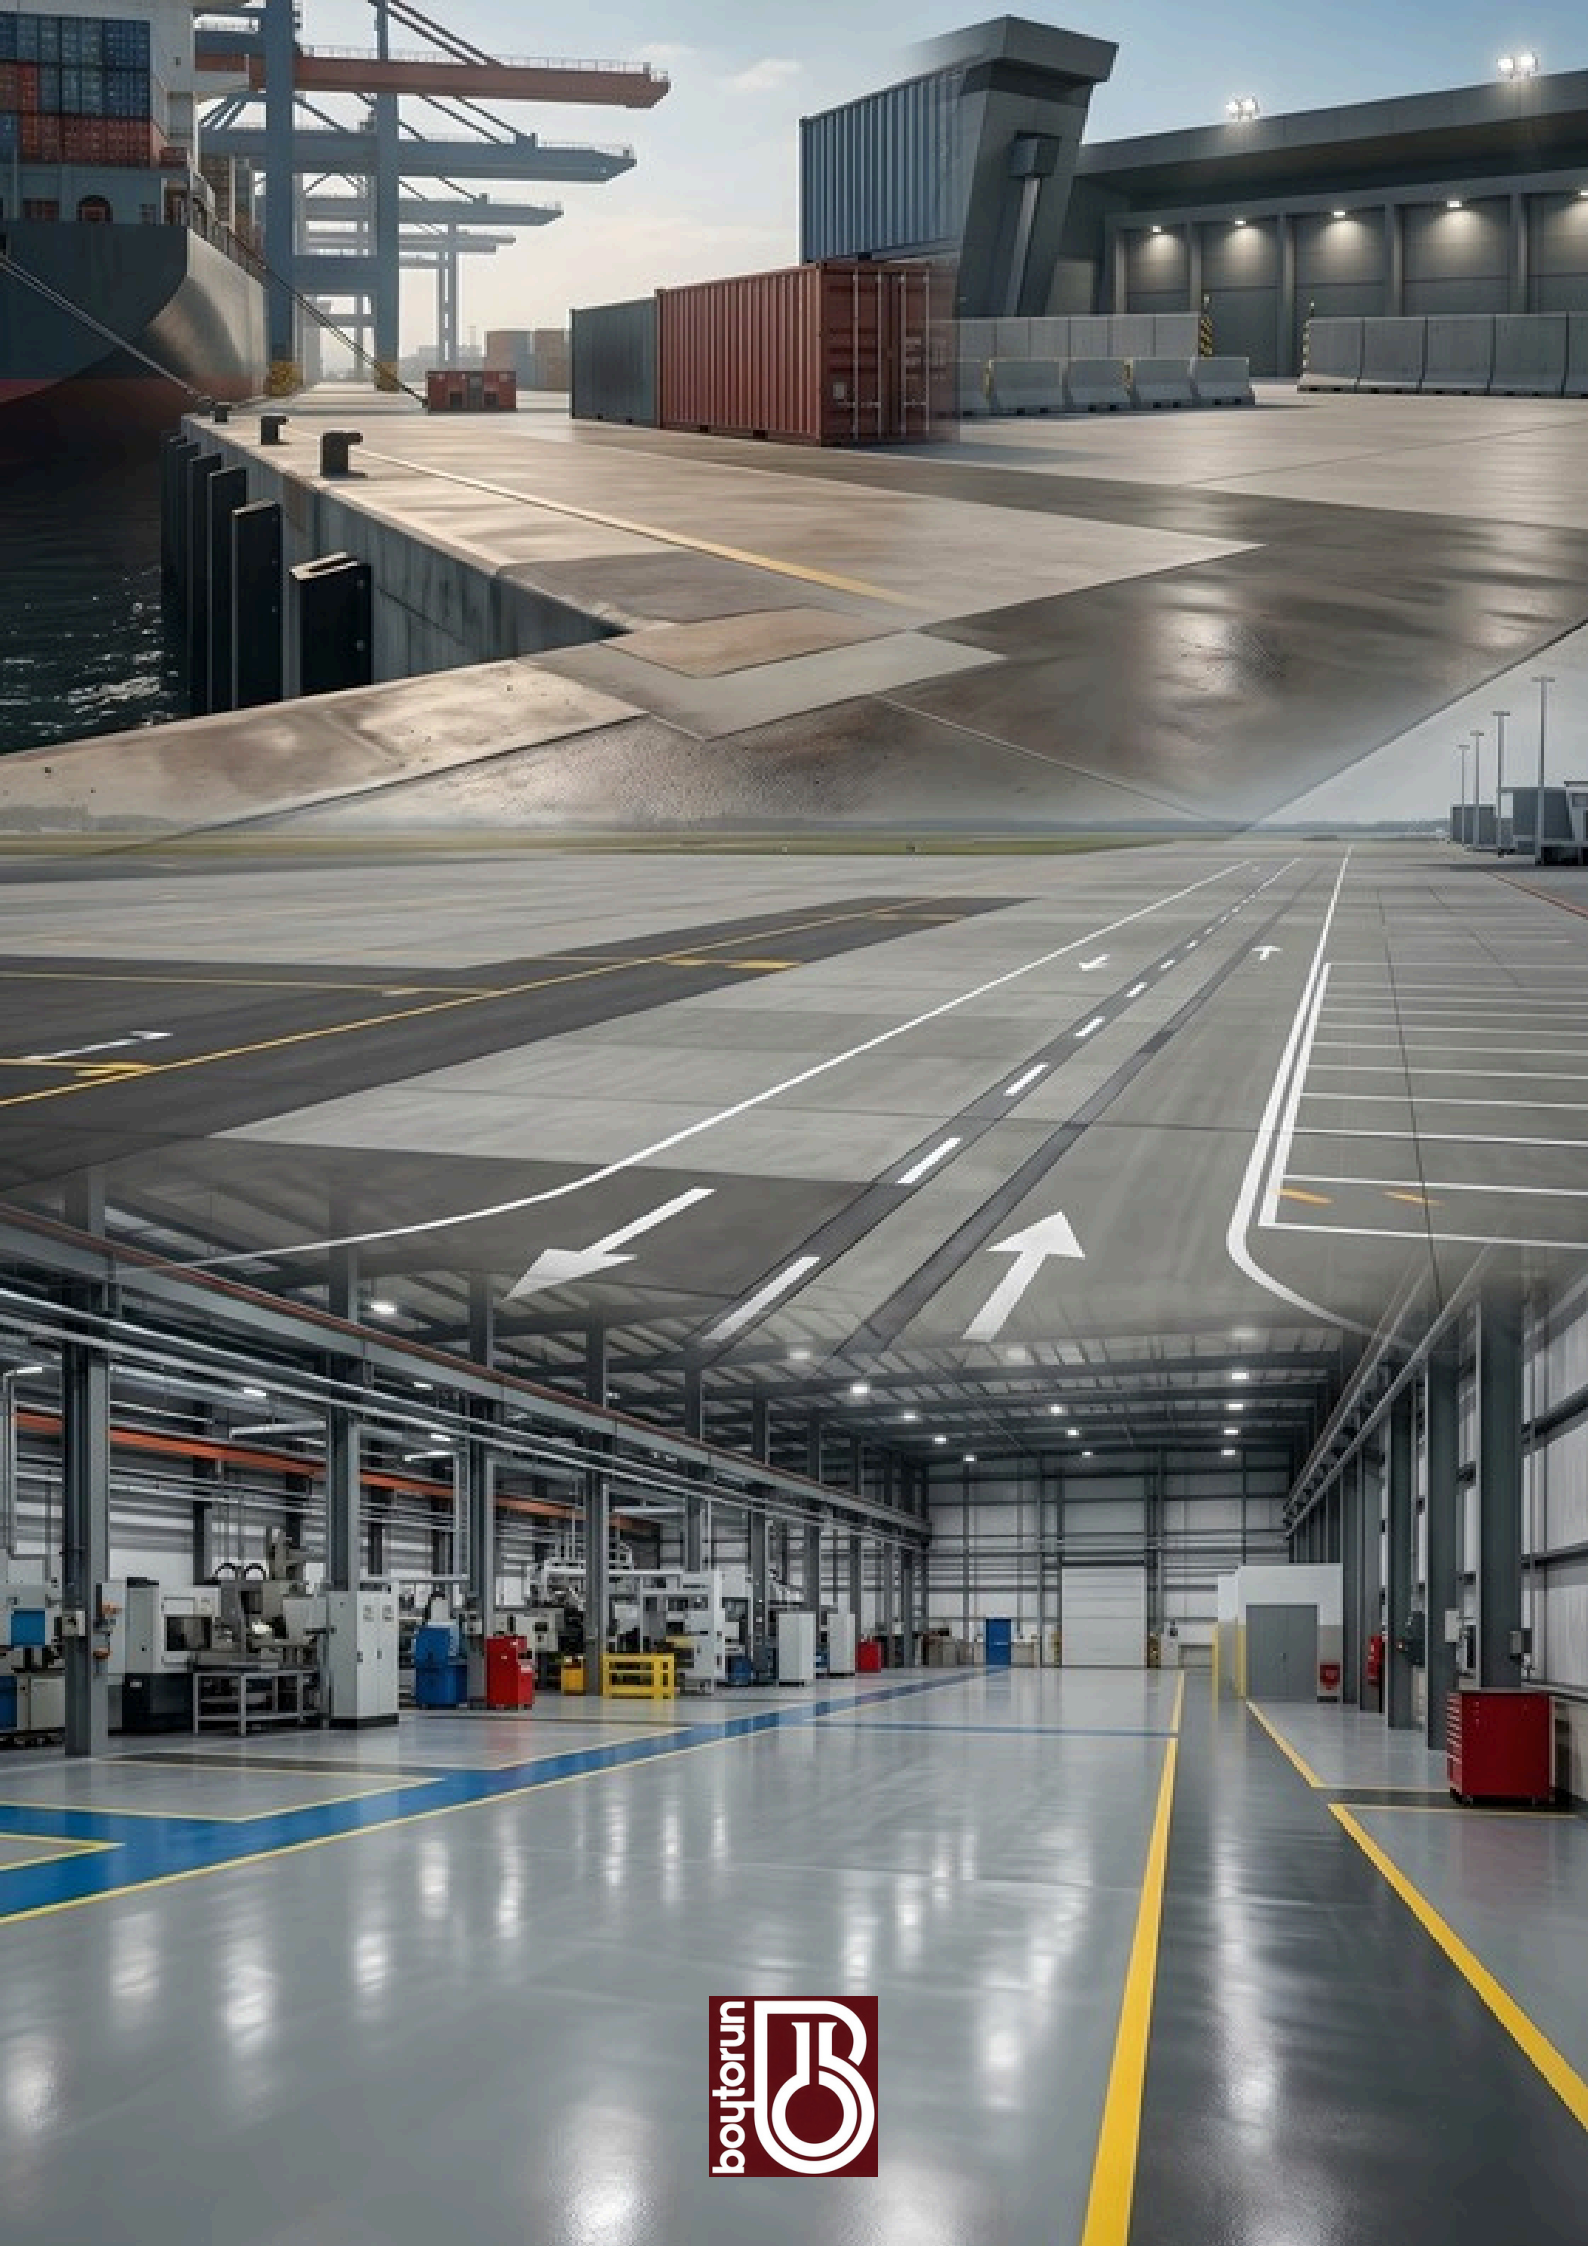

Boytorun Kimya;
provides professional flooring and infrastructure systems for
different application needs.

Floor Repair Systems
Industrial Floor Coatings
Road Marking Systems
Joint Filling Systems
Surface Protection Systems
Resin Technologies
**Asphalt & Outdoor Repair
Systems**

Boydur® systems;
are developed for high durability, reduced downtime and
professional industrial use.

Trust, Continuity & Technical Discipline

For Boytorun Kimya, quality;
means more than product performance alone.
It also means long-term field reliability.
In every system we develop;
performance, durability and real site conditions are evaluated
together.

**Reliable Performance
Professional Approach
Long Service Life**

At the core of the Boytorun approach lies one principle:

**Any solution that does not
create
real value in the field
is simply not enough.**

Strong Surfaces, Strong Operations

The right flooring system;
creates value not only during application, but throughout long-term operation.

More Controlled Maintenance
Stronger Surface Performance
Safer Operations

Boytorun Kimya;
develops reliable solution systems for professional flooring and infrastructure applications.

Strong surfaces
support the entire operation
built on them.
